

To the People of the World, Esteemed Scientists, World Leaders, Scholars, Theologians, and Researchers:

I am Michael Machette VanHelsing. My foremost responsibility is to explain the origin of this project.

I have been studying spiritual books, metaphysical books and so called conspiracy theory books since the age of 15, I am 50 now.

At the age of 18, I was in a Barnes and Noble book store looking for books on Angels. I was writing my own book on Angels at the time and needed references for my research.

The thing is, while I was scanning books in the Esoteric section of the store, I saw this symbol that looked like a blue target. It caught my attention because I remember seeing it before but only from A DREAM.

My focus immediately shifted to this strange book with this symbol on it. The title read 'The Urantia Book', but I had no idea what that meant at the time. At first glance, the book made no sense and had no relevance to what I was looking for but I knew I had to have it. So I bought it.

Once I got home and opened the book to see who the author was, I was so scared that I almost dropped the book on the floor.

To make a long story short, I have been studying, decoding, and cross referencing the Urantia Book with the Bible and Earth history for the last 30+ years.

In 2004, I embarked upon a project that took 4 straight months of work. The project was called 'The Read Pill'. I took every timeline I could think of and created word documents for each one. I had the Biblical timeline, the World History timeline, the UFO timeline, the FBI timeline, The CIA timeline, the NASA timeline, the Vatican timeline plus more. I sat and manually put all the timelines in order and combined them into one big timeline exposing EVERYTHING that happened from the Big Bang to about the year 2002 on an old 2001 HP desktop.

Life happened and even though I printed it out and had a few copies printed, I lost them all. The project was too big to embark upon again until recently.

It hit me like a ton of bricks to use today's technology to recreate my project on a whole new level.

My idea was to create an app that can give people the ability to do the cross referencing themselves and see exactly how everything matches up. This reveals a truth that has never been presented before.

It is a Cosmic Record of sorts that ANYONE can use to learn exactly what happened, what's happening and where everything is headed.

It also brings clarity to many subjects that have been troubling mankind for generations.

This app reveals our cosmic citizenship in the Grand Universe, eliminates many of the questions and ends all debates.

It is with great humility and a profound sense of purpose that I present this groundbreaking synthesis—an integrative exploration of sacred texts, scientific records, and historical knowledge. Through the meticulous cross-referencing of the Urantia Book, the Bible, and empirical data, this work reveals the interconnected story of our origins, purpose, and destiny within the vast cosmos.

This revelation is not merely academic; it is a call to awaken. To understand the shared heritage that binds us, to recognize our place in an unfolding divine plan, and to inspire collaborative action rooted in truth and unity. By bridging spirituality and science, this project fosters a new paradigm—one where knowledge empowers ethics, faith embraces reason, and humanity embarks on a collective evolution toward peace, wisdom, and stewardship.

I invite you to join in exploring and spreading this profound illumination. Together, we can transform the world's understanding and catalyze the positive changes our planet and people deeply need.

With Respect and Determination,
Michael Machette VanHelsing
